What is special about Cotswold Business Travel?

Cotswold Business Travel provides a comprehensive and personalised service, with prices which are competitive with the largest agencies who typically work only with major organisations.

We offer the highest standards and credentials in the industry, with expert consultants able to accommodate highly complex travel arrangements.

Experience, knowledge and insight

With over 16 years experience, Cotswold Business Travel has built an in-depth knowledge of the business travel industry. Through the employment of highly experienced consultants, we are able to manage your needs on a more personal and insightful level ensuring the highest standards of service.

Cotswold Business Travel offer a trouble-free and reliable service to include travel (flight, rail, road), accommodation, documentation (visa, passport) and account management (expenditure, itinerary). Cotswold Business Travel keep you informed with latest travel arrangements and in addition, detailed reports and analyses are available to access online.

As a full service agency, we're particularly good at booking complex arrangements such as multiple flights and stopovers, which include hotels, rail tickets and car hire. In doing so, we are confident we can save you significant amounts of money. This is because Cotswold Business Travel are wholly owned by Hatch Ferguson who are a member of the exclusive Advantage Focus Partnership - an organisation with the massive buying power needed to compete with the largest global operators. Membership of the Advantage Focus Partnership is only available to travel management companies who are fully licensed and bonded, and who meet strict criteria in terms of customer care, product knowledge and staff training.

Cotswold Business Travel can book every type of flight you may wish to take. Whether a Scheduled flight, Low Cost carrier or even a Private Charter.

We ensure that no matter how complex the itinerary you are always offered the lowest applicable air fares.

This is achieved by harnessing our travel consultants expertise with the very latest in reservations technology.

Our air reservations service includes:

- Domestic and international Scheduled flights
- Low Cost carriers
- Negotiated discounted air fares
- Private Charter aircraft

- Added value benefits - upgrades, promotional offers (two-for one's), stop-over packages, etc.

Hotels

Having the right accommodation is especially important to people who spend time away from home. Our consultants identify hotels and accommodation venues that have the right profile for you in terms of style, budget and location. Wherever you are in the world, whether you require a five star luxury hotel or a budget stopover, we ensure that your stay is enjoyable.

We are a licensed agent to issue all UK rail tickets as well as Eurostar and European Rail tickets. Our rail travel consultants regularly achieve savings through their skill and ability to split journeys and take advantage of cheaper single fares combined in one round-trip booking. We can either, book, issue and deliver your rail tickets, or we can offer you a simple self booking solution.

Should you require car hire in the U.K. or overseas, it simply comes down to sourcing the right vehicle at the best possible price. We have many powerful tools to achieve these goals and get you on the road quickly.

Account Management

If your travel spend is relatively small, you may feel that you have no need of account management. However, this does not mean that you don't want to keep a close eye on travel expenditure.

Cotswold Business Travel can provide you with the most effective cost breakdowns of your travel expenditure, through pre-trip and post-trip reporting.

Passports and Visas

Our consultants will advise you of any visa requirements for the countries you are visiting and assist you with the application process via our specialist partner.
